

## Continental Oak Hamilton Grey Hardwax

Pre-finished by hand gives the Oak a pure blended grey-brown patina, the "Hamilton-effect" darkens the Oak with a natural and matte look and feel. This finish works best on wide planks or larger square or herringbone patterns.

<b>Species</b>	Continental (European) Oak
<b>Finish*</b>	Hardwax-Oil
<b>Origin</b>	European Oak (Quercus Robur) mainly over 80 years old. Grown in responsibly managed central European forests.
<b>Maintenance</b>	This finish can be cleaned regularly using our Natural or Whitewash Oil Soap, which feeds and strengthens the surface over time.
<b>Spot repair and Refinish</b>	Professional maintenance with our Maintenance Oil will make this finish richer and protect it over time. Spot repairs are possible with our touch-up kit.

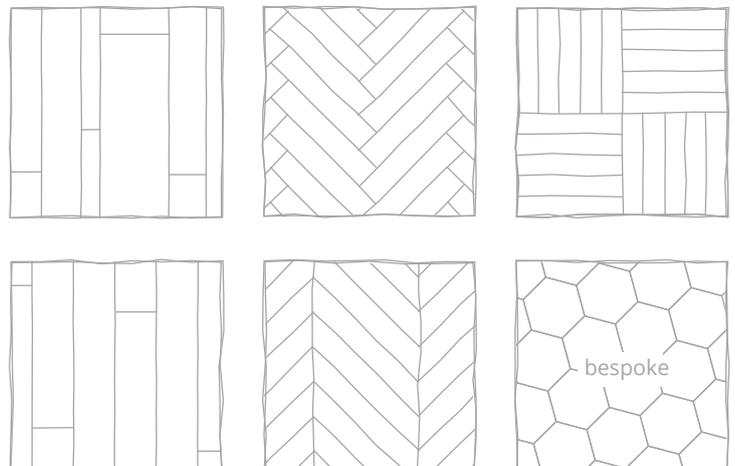

### Structure\*\*

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

### Recommended patterns

\*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

\*\*) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
