

Continental Oak Megève Chêne Brûlée Hardwax

Hand pre-finishing using our Megève effect plus light hand-sanding results in an Oak surface with a warm alpine feel and lively variations in colour and texture. This finish is protected with hardwax which makes the patina deeper and richer over time. This finish works particularly well on country or vintage-graded wide and long random plank floors.

Species	Continental (European) Oak
Finish*	Hardwax-Oil
Origin	European Oak (Quercus Robur) mainly over 80 years old. Grown in responsibly managed central European forests.
Maintenance	This finish can be cleaned regularly using our Natural Oil Soap, which feeds and strengthens the surface over time and makes the patina richer and deeper.
Spot repair and Refinish	Professional maintenance with our Maintenance Oil will make this finish richer and protect it over time. Spot repairs are possible with our touch-up kit.

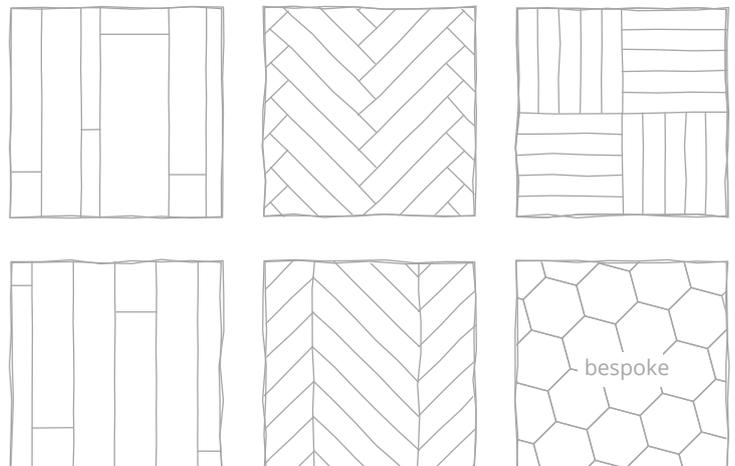

Structure**

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

Recommended patterns

*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.
 **) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
