

## American Walnut Rousseau Brushed Hardwax

After flaming and brushing the deep rich dark tone of Walnut is brought out in a very authentic way. The brushing makes the Walnut denser and richer in structure. The flaming adds an aging patina that is natural and won't fade over time. This finish works well on traditional wide planks or parquet patterns, and in particular well with presence of some beautiful textured knots.

\*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

\*\*) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
