

Continental Oak Marignan Velvet Poly

Pre-finished by hand, with a warm opulent look and feel, the Oak is lightly fumed and treated with our lye that prevents yellowing. After that we apply a hard-wearing extremely matt coating. This finish works well on both uniform and more rustic Oak patterns for floors and walls. A brushed texture can be added for more grain character.

Species	Continental (European) Oak
Finish*	Velvet (ultramatt) 2k Lacquer
Origin	European Oak (Quercus Robur) mainly over 80 years old. Grown in responsibly managed central European forests.
Maintenance	This finish can be cleaned regularly using our Premium Poly Fresh, which feeds and strengthens the surface over time.
Spot repair and Refinish	Professional maintenance with our Premium Polish will protect this floor for a very long time. For spot repairs and refinishing, we can provide efficient solutions.

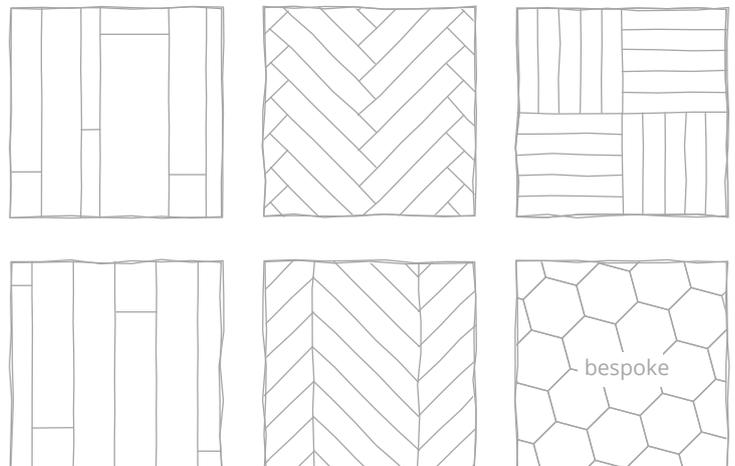

Structure**

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

Recommended patterns

*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

**) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
